AS and A levels - sometimes called General Certificates of Education (GCE) or Advanced levels - are normally studied after level 2 in a BTEC or GCSEs, but you can take them at any age. They mainly involve studying the theory of a subject combined with some investigative work, and are usually studied full-time over two years at school or college.

Help students to build and develop the essential knowledge and skills needed, provide practical assessment guidance and plenty of support for the new mathematical requirements with this Edexcel Year 1 Student Book. - Supports practical assessment with Practical Skill summaries throughout - Provides support for all 16 required practicals with detailed explanations, data and exam style questions for students to answer - Builds understanding and knowledge with a variety of questions to engage and challenge students throughout the course: prior knowledge, worked examples, Test Yourself and Exam Practice Questions - Acts as an aid for the mathematical requirements of the course with worked examples of calculations and a dedicated 'Maths in Physics' chapter - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries Edexcel A level Physics Student Book 1 includes AS level

This student book is accompanied by an ActiveBook (a digital version of the student book) and covers both the AS and A level courses for the Edexcel business specification from 2015. The student book contains clear signposted links and support for quantitative skills, synoptical, evaluative, and analytical skills to help you develop your conceptual understanding of each topic.

Endorsed by Edexcel Help students to build and develop the essential knowledge and skills needed, provide practical assessment guidance and plenty of support for the new mathematical requirements with this Edexcel Year 1 Student Book. - Supports practical assessment with Practical Skill summaries throughout - Provides support for all 16 required practicals with detailed explanations, data and exam style questions for students to answer - Builds understanding and knowledge with a variety of questions to engage and challenge students throughout the course: prior knowledge, worked examples, Test Yourself and Exam Practice Questions - Acts as an aid for the mathematical requirements of the course with worked examples of calculations and a dedicated 'Maths in Physics' chapter - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries Edexcel A level Physics Student Book 1 includes AS level.

"This book helps in raising and sustaining motivation for better grades. These books are the best possible match to the specification, motivating readers by making maths easier to learn. They include complete past exam papers and student-friendly worked solutions which build up to practice questions, for all round exam preparation. These books also feature real-life applications of maths through the 'Life-links' and 'Why ...?' pages to show readers how this maths relates, presenting opportunities to stretch and challenge more apply students. Each book includes a Live Text CDROM which features: fully worked solutions examined step-by-step, animations for key learning points, and revision support through the Exam Cafe."--Publisher's description

Help students to develop their knowledge and build essential skills with practical assessment guidance and plenty of support for the new mathematical requirements in this updated, all-in-one textbook for Years 1 and 2. Combining everything your students need to know for the Pearson Edexcel A level Physics specification, this revised textbook will: - Support practical assessment with practical skill summaries throughout. - Provide support for all 16 required practicals with detailed explanations, data and exam style questions for students to answer. - Build understanding and knowledge with a variety of questions to engage and challenge students throughout the course: prior knowledge, worked examples, 'Test yourself' and exam practice questions. - Aid mathematical understanding and application with worked examples of calculations and a dedicated 'Maths for Physics' chapter. - Develop understanding and enable self- and peer-assessment with free online access to 'Test yourself' answers.

Ian Marcousé's accessible and engaging textbooks brought together in one updated volume covering everything your students need to know for the Pearson Edexcel A level Business specification. - Breaks content down into short, clear chapters - covering all topics in the depth students need - Updated business examples throughout the text and in end of unit case studies bring the subject to life - A range of questions and activities provide students with the opportunity to apply what they know and practise questions - Builds students' confidence with key terms used in context and compiled in an accessible glossary - Supported by an Answer Guide to assist teaching and save time This Student Book has been endorsed for use with the Pearson Edexcel A Level Business qualification.

The Pearson Edexcel AS/A level Anthology of Music introduces the AS and A level set works to a new generation of musicians and will inspire them to develop their music knowledge, understanding and skills and will help them prepare for their assessment. Published in partnership with Edition Peters and Faber Music, and edited by Julia Winterson, the printed Anthology contains: · printed music scores of all 53 new set works in a single volume · a preface to each score, setting the piece in context, highlighting key themes · listening awareness points and suggestions for wider listening · glossary of key terms used in each set work.

We are working towards endorsement of this title for the Edexcel A level specification from 2016. Develop all four language skills with exam-style practice and a thematic approach to the latest specification. - Ease the transition from GCSE to AS with transitional sub-units covering AS themes - Equip students with the tools for film and literary analysis - Build grammar and translation skills with theme-related practice .

Build investigative skills, test understanding and apply biological theory to topical examples with this Edexcel Year 1 Student Book - Supports all 16 required practicals with activities and questions to help students explain procedures, analyse data and evaluate results - Provides clear definitions, as well as explanations, of the meanings of all technical vocabulary needed for the new specification - Helps bring students up to speed with a summary of prior knowledge and diagnostic questions at the start of each chapter - Offers assessment guidance with Exam Practice Questions at the end of each chapter, graded by difficulty to support progression, along with Challenge Questions to stretch more able students - Mathematical skills throughout and a dedicated 'Maths in Biology' chapter explaining key concepts and methods - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries Edexcel A level Biology Student Book 1 includes AS level
