In 1974, Dennis Lynn Rader stalked and murdered a family of four in Wichita, Kansas. Since adolescence, he had read about serial killers and imagined becoming one. Soon after killing the family, he murdered a young woman and then another, until he had ten victims. He named himself "B.T.K." (bind, torture, kill) and wrote notes that terrorized the city. He remained on the loose for thirty years. No one who knew him guessed his dark secret. He nearly got away with his crimes, but in 2004, he began to play risky games with the police. He made a mistake. When he was arrested, Rader's family, friends, and coworkers were shocked to discover that B.T.K. had been among them, going to work, raising his children, and acting normal. This case stands out both for the brutal treatment of victims and for the ordinary public face that Rader, a church council president, had shown to the outside world. Through jailhouse visits, telephone calls, and written correspondence, Katherine Ramsland worked with Rader himself to analyze the layers of his psyche. Using his drawings, letters, interviews, and Rader's unique codes, she presents in meticulous detail the childhood roots and development of one man's motivation to stalk, torture, and kill. She reveals aspects of the dark motivations of this most famous of living serial killers that have never before been revealed. In this book Katherine Ramsland presents an intelligent, original, and rare glimpse into the making of a serial killer and the potential darkness that lives next door.

What is it like to learn that your ordinary, loving father is a serial killer? In 2005, Kerri Rawson heard a knock on the door of her apartment. When she opened it, an FBI agent informed her that her father had been arrested for murdering ten people, including two children. It was then that she learned her father was the notorious serial killer known as BTK, a name he'd given himself that described the horrific way he committed his crimes: bind, torture, kill. As news of his capture spread, Wichitacelebrated the end of a thirty-one-year nightmare. For Kerri Rawson, another was just beginning. She was plunged into a black hole of horror and disbelief. The same man who had been a loving father, a devoted husband, church president, Boy Scout leader, and a public servant had been using their family as a cover for his heinous crimes since before she was born. Everything she had believed about her life had been a lie. Written with candor and extraordinary courage, *A Serial Killer's Daughter* is an unflinching exploration of life with one of America's most infamous killers and an astonishing tale of personal and spiritual transformation. For all who suffer from unhealed wounds or the crippling effects of violence, betrayal, and anger, Kerri Rawson's story offers the hope of reclaiming sanity in the midst of madness, rebuilding a life in the shadow of death, and learning to forgive the unforgivable. "No easy answers here. No platitudes. Only raw honesty, written with the gracious authority of one who has glimpsed hell. Kerri Rawson shares her earned wisdom and a hope that has been bought with tears and nightmares. This

book is a gritty must-read in the library of hope." –Paul J. Pastor, author of *The Face of the Deep* and *The Listening Day*

In February 1983 civil servant Dennis Nilsen was arrested after body parts were found to be blocking drains at the house where he lived. As the squad car drove him away, he confessed he had strangled 15 young men. It wasn't just the crimes that stunned; it was also the way he spoke. Nilsen said he had loved the young men he killed. His words seemed bizarre. When newspapers carried stories of how the 37-year-old lured men back to his flat and why, the nation was shocked by his sheer evil. Yet some psychiatrists considered him a man of rare, complex, and extreme psychological problems. In addition, none of them had met a killer who seemed so keen to understand his own psyche. Whilst on remand in Brixton Prison, Nilsen filled 55 exercise books with thoughts. During his subsequent thirty years in prison he has continued to write, most notably on the first draft of a multi-volume autobiography. The Home Office has now banned it, calling the work pornographic and outrageous. Only one journalist has read the book. Using exclusive access to Nilsen's writing and extensive independent research, Russ Coffey explains what Nilsen says and how much of it we can believe. This is a shocking glimpse into the mind of a killer.

For thirty-one years, a monster terrorized the residents of Wichita, Kansas. A bloodthirsty serial killer, self-named "BTK"—for "bind them, torture them, kill them"—he slaughtered men, women, and children alike, eluding the police for decades while bragging of his grisly exploits to the media. The nation was shocked when the fiend who was finally apprehended turned out to be Dennis Rader—a friendly neighbor . . . a devoted husband . . . a helpful Boy Scout dad . . . the respected president of his church. Written by four award-winning crime reporters who covered the story for more than twenty years, *Bind, Torture, Kill* is the most intimate and complete account of the BTK nightmare told by the people who were there from the beginning. With newly released documents, evidence, and information—and with the full cooperation, for the very first time, of the Wichita Police Department's BTK Task Force—the authors have put all the pieces of the grisly puzzle into place, thanks to their unparalleled access to the families of the killer and his victims.

The true-crime story of a cheating husband, the other woman, and her plot to kill the wife, by the bestselling author of *Murder, New England*. When librarian Martha Gail Fulton was gunned down in a Michigan parking lot on a quiet evening, there were two obvious suspects—Gail's husband George, a former military officer . . . and George's mistress, the flashy businesswoman Donna Kay Trapani. Police were baffled to find that both had ironclad alibis. Yet evidence showed the shooter, a male, had an accomplice—a mystery woman. Now, M. William Phelps recounts the compelling real-life drama of a twisted love triangle that ended in bloody murder, and the riveting investigation that brought to light a master manipulator's trail of deadly deceit. Praise for New York Times bestselling author M. William Phelps "One of our most engaging crime journalists." —Katherine Ramsland, New York Times – bestselling author of *Confession of a Serial Killer: The Untold Story of Dennis Rader, the BTK Killer* "Phelps creates a vivid portrait." —Publishers Weekly "One of America's finest true-crime writers." —Vincent Bugliosi, New York Times bestselling author of *Helter Skelter* Includes sixteen pages of dramatic photos

When we think of serial killing, we tend to think of it as a perversion of contemporary society. The *Human Predator* makes an eye-opening case for the existence of serial killers throughout time—the motives and methods, the societies that spawned them, and the historical periods in which they lived . . . and killed. From Ancient Rome and the Dark Ages to the open roads of America, from the exploits of French religious zealot Gilles de Rais to such high-profile monsters as Jeffrey Dahmer and Aileen Wuornos, Katherine Ramsland offers a complete chronological record of the serial-killer phenomenon—and the parallel development of psychology, forensic science, and FBI profiling in the serial killer's evolving manifestation throughout human history.
