A new translation in hexameter verse of Ovid's narrative poem embraces more than two hundred mythical tales linked by the theme of transformation, incorporating many famed myths and legends of ancient Greece and Rome.

Ovid ' s sensuous and witty poem brings together a dazzling array of mythological tales, ingeniously linked by the idea of transformation—often as a result of love or lust—where men and women find themselves magically changed into new and sometimes extraordinary beings. Beginning with the creation of the world and ending with the deification of Augustus, Ovid interweaves many of the best-known myths and legends of ancient Greece and Rome, including Daedalus and Icarus, Pyramus and Thisbe, Pygmalion, Perseus and Andromeda, and the fall of Troy. Erudite but light-hearted, dramatic and yet playful, the Metamorphoses has influenced writers and artists throughout the centuries from Shakespeare and Titian to Picasso and Ted Hughes. Includes introduction, a preface to each book, explanatory notes, and an index of people, gods, and places

Ovid ' s Metamorphoses is one of the most influential works of Western literature, inspiring artists and writers from Titian to Shakespeare to Salman Rushdie. These are some of the most famous Roman myths as you ' ve never read them before—sensuous, dangerously witty, audacious—from the fall of Troy to birth of the minotaur, and many others that only appear in the Metamorphoses. Connected together by the immutable laws of change and metamorphosis, the myths tell the story of the world from its creation up to the transformation of Julius Caesar from man into god. In the ten-beat, unrhymed lines of this now-legendary and widely praised translation, Rolfe Humphries captures the spirit of Ovid ' s swift and conversational language, bringing the wit and sophistication of the Roman poet to modern readers. This special annotated edition includes new, comprehensive commentary and notes by Joseph D. Reed, Professor of Classics and Comparative Literature at Brown University.

Part of Penguin's beautiful hardback Clothbound Classics series, designed by the award-winning Coralie Bickford-Smith, these delectable and collectible editions are bound in high-quality colourful and tactile cloth. Ovid's sensuous and witty poetry brings together a dazzling array of mythological tales, ingeniously linked by the idea of transformation - often as a result of love or lust - where men and women find themselves magically changed into new and sometimes extraordinary beings. Beginning with the creation of the world and ending with the deification of Augustus, Ovid interweaves many of the best-known myths and legends of Ancient Greece and Rome, including Daedalus and Icarus, Pyramus and Thisbe, Pygmalion, Perseus and Andromeda, and the fall of Troy. Erudite but light-hearted, dramatic yet playful, the Metamorphoses has influenced writers and artists throughout the centuries from Shakespeare and Titian to Picasso and Ted Hughes.

Greek Tragedies as Plays for Performance is a unique introduction to the genre that explores these works as dramatic artefacts intended for performance—instead of as ancient literature solely to be read and studied. Written by a scholar who combines his academic understanding of Greek tragedy with his singular theatrical experience of producing these ancient dramas for the modern stage, this text pays special attention to construction, design, staging, and musical composition in terms of the ancient medium and original resources. The author discusses the masters of the genre—Aeschylus, Sophocles, and Euripides—including similarities, differences, their use and development of Greek tragedy ' s hybrid form, the significance that each poet attaches to familiar myths and his distinctive approach as a dramatic artist. The text examines 10 plays in detail, from Perse and TheOrestia to Antigone and Oedipus Tyrannus and then Medea and Bacchae, including the 2 Electra plays. It delves into important components of these dramas, including performances by the chorus and the 3 actors, the need to captivate audiences attending a major civic and religious festival, and the importance of the lyric sections for emotional effect. The book also contains a companion website, available upon publication at www.wiley.com/go/raeburn, with 136 audio recordings of Greek tragedy that illustrate the beauty of the Greek language and the powerful rhythms of the songs. With extended dramatic analysis of important Greek tragedies at an appropriate level for readers coming to the topic for the first time, this is a fresh and insightful foray into these ancient works of art. David Raeburn has recently retired from a stipendiary Lectureship in Classical Languages at New College in the University of Oxford,UK, where he previously held the Grocyon Lectureship in the Faculty of Literae Humaniores. Before that, he spent more than 40 years as a Classics teacher and headmaster of two secondary schools. He is the co-author of The Agamemnon of Aeschylus (2010) and translator of the Penguin Classics editions of Sophocles ' Electra and Other Plays (2008) and Ovid ' s Metamorphoses (2004). His research interests include Greek tragedy and Augustan poetry in Latin. He has directed over 30 full-scale or workshop productions of 18 of the 33 extant Greek tragedies, performed either in the original language or in translation with school and university students.

This introduction to Ovid's Metamorphoses considers how Ovid defined and shaped his narrative, its cultural context, and its vivid depictions of the cruelty of jealous gods, the pathos of human love, and the imaginative fantasy of flight, monsters, magicand illusion.

Through Mandelbaum ' s poetic artistry, this gloriously entertaining achievement of literature-classical myths filtered through the worldly and far from reverent sensibility of the Roman poet Ovid-is revealed anew. " [An] extraordinary translation...brilliant " (Booklist). With an Introduction by the Translator.

Provides translation of four Greek dramas by Sophocles.

When Michael Hofmann and James Ladun's ground-breaking anthology After Ovid (also Faber) was published in 1995, Hughes's three contributions to the collective effort were nominated by most critics as outstanding. He had shown that rare translator's gift for providing not just an accurate account of the original, but one so thoroughly imbued with his own qualities that it was as if Latin and English poetswere somehow the same person. Tales from Ovid, which went on to win the Whitbread Prize for Poetry, continued the project of recreation with 24 passages, including the stories of Phaeton, Actaeon, Echo and Narcissus, Progne, Midas and Pyramus and Thisbe. In them, Hughes's supreme narrative and poetic skills combine to produce a book that stands, alongside his Crow and Gaudete, as an inspired addition to the myth-making of our time.

One of the supreme comic writers of the Roman world, Plautus (c.254-184 BC), skillfully adapted classic Greek comic models to the manners and customs of his day. This collection features a varied selection of his finest plays, from the light-hearted comedy Pseudolus, in which the lovesick Calidorus and his slave try to liberate his lover from her pimp, to the more subversive The Prisoners, which raises serious questions about the role of slavery. Also included are The Brothers Menaechmus, which formed the prototype for Shakespeare's The Comedy of Errors, and The Pot of Gold, whose old miser Euclio is a glorious study in avarice. Throughout, Plautus breathes new, brilliant life into classic comic types - including deceitful twins, scheming slaves, bitter old men and swaggering soldiers - creating an entertaining critique of Roman life and values.
