Accept all of your feelings. 4. Have faith in you. You can handle more than you might believe at this moment. Use meditation or prayer for added support. 5. Don't take anything personally. 6.

Emotional First Aid (EFA) Skills

When the rejections we experience are substantial, the urgency of treating our wounds with emotional first aid is far greater. This not only minimizes the risk of “infections” or complications but also accelerates our emotional healing process. In order to administer emotional first aid and successfully treat the four wounds rejection causes, we need a clear understanding of each of them and a full appreciation of how our emotions, thought processes, and behaviors are damaged when we ...
