There are few more contentious and heart-rending topics among

women in the church
than submission and
what it means to be
man's helper. Elyse
Fitzpatrick believes that
understanding this topic
can bring about great
freedom and a more
meaningful relationship
with Christ and your
husband. In Helper By
Design, she takes an in-
depth theological look at
what it means to be

made in God's image to

be a helper. No matter

what your perspective,

this book will set in

you to be.

This book presents in as

clear a way as possible

the New Testament

material dealing with

women and their roles
in the context of the
movement Jesus began.
Dr Witherington begins
by illustrating the roles
of women in Judaism, in
the Hellenistic world,
and in the Roman
Empire. She goes on to
show how Jesus broke
significantly with
convention in the way
he viewed women and
their roles, offering as

he did a wholly new conception of the legitimate rights of women in society. An analysis follows of the apostle Paul's attitude toward women, which shows how he agreed with and differed from the ideas of his contemporaries. The concluding chapters discuss the evangelists, whose selection and

presentation of material

with respect to women

casts much light on the

early Church's

understanding of

women and their roles.

This comprehensive

survey, which avoids

slanting its material to

serve a modern

patriarchal or feminist

bias, comes to the

exciting conclusion that

we can see in the New

Testament an attempt to reform the patriarchal orientation of the day.

Debilitated and Diminished is written for those who are

seeking to help

Christian women who are being emotionally abused by their

husbands. It provides a definition of emotional abuse, describes the

behaviors involved and the effects of these behaviors upon the victim. A biblical approach for helping these women is proposed that looks at human nature, marital roles, and what it means for her to live in Christ. Suggestions are given as to how the church can be a support to the emotionally abused

Equipping a New
Generation to Live Out
God's Design This
thorough study of the
Bible's teaching on men
and women aims to help
a new generation of
Christians live for Christ
in today's world.

Moving beyond other
treatments that primarily

passages, this winsome
volume traces

Scripture's overarching
pattern related to male-
female relationships in
both the Old and New

Testaments. Those
interested in careful
discussion rather than
caustic debate will
discover that God's
design is not confining
or discriminatory but

Biblical studies and the

teaching of biblical

studies are clearly

changing, though it is

less clear what the

changes mean and how

we should evaluate

them. Susanne Scholz

also examines how the

women to be strident,
