## **Carburetor Technical Support - Holley**

Holley offers a kit (PN 20-13) that contains several color-coded springs. If the vehicle is light and the engine is large, a lighter spring can be used to accommodate a faster engine speed increase. Conversely, a heavier vehicle with a smaller engine can benefit from using a stiffer spring to avoid a stumble upon acceleration.

Quick Fuel Technology® (QFT™) ships carburetors only after they have been thoroughly run-tested and adjusted on a typical engine. Engine testing all carburetors prior to shipment ensures that when a new QFT™ carb is bolted on an engine, it will start, idle and perform up to the customer's expectations. However, sometimes a little more fine-tuning is needed because the customer has a ...
