waging of mechanized warfare are the tank and armored vehicle, with support and supply from motorized columns and aircraft.

~~mechanized warfare | Infoplease~~
Modern armoured warfare began during the First World War of 1914–1918. Strategists wanted to break the tactical, operational and strategic stalemates forced on commanders on the Western Front by the effectiveness of entrenched defensive infantry armed with machine guns—known as trench warfare. Under these conditions, attacks usually advanced very slowly and incurred massive casualties.
