Download books pdf Panic at the Pump: The Energy Crisis ...

Panic at the Pump is without question an important book that contributes mightily to our understanding of the modern American state, the U.S. political system, and contemporary U.S. foreign policy. Although much of the story it tells is sobering, if not downright depressing, it also offers hope that advancing current efforts to reduce the nation's dependence on fossil fuels can make the nation's energy future different from its past.
